Re: DRE Power and Cabling

To Whom It May Concern:

I have worked with DRE since July 2004. Although I did not work directly with DRE on the build out of our new offices, they have been our electrical contractor for add-ons to our space from that point on to present.

Rusty Espinoza and the staff from DRE have been courteous and professional to work with. They have responded timely to requests for proposals and have completed the job within the specified time frame.

Sincerely,

Judy A. Burke
